The Process

*Thank you for taking the time to read through my brochure.
Below is a simple outline of what to expect when booking your bridal hair.*

1. Enquiry

Submit an enquiry through my website. The form is designed to gather all the details needed, including your date, location, timings, and number of people requiring styling.

2. Availability & Personalised Proposal

I'll confirm availability for your date and send a personalised quote based on the information provided.

3. Securing Your Date

A £50 booking fee secures your wedding date in my diary.

4. Bridal Preview

Your preview will take place approximately 4-8 weeks before your wedding, allowing us to create and refine your chosen look.

5. Final Details & Hair Preparation

In the weeks leading up to your wedding, I'll send final information along with hair preparation advice to ensure everything runs smoothly on the day.

Everything you need to know...

When should I book?

I recommend securing your wedding date as soon as possible, particularly for peak season weddings. Dates are confirmed once your booking fee and signed Booking Agreement have been received.

When will my bridal preview take place?

Your bridal preview is usually scheduled around 4-8 weeks before your wedding, allowing us to refine your chosen style while keeping everything fresh in your mind.

How long will hairstyling take on the wedding morning?

A personalised wedding morning schedule will be created for you, ensuring everyone has plenty of time to relax and be ready without feeling rushed.

Do you travel to my venue?

Absolutely! I travel throughout the North East and beyond. Travel is included with The Collective (up to 40 miles), while travel for The Bridal Package is quoted separately. Venue's exceeding 1 hour 30 minutes may require overnight accomodation.

Can I add more people after booking?

Where availability allows, additional guests can be added to your booking. Any amendments are subject to availability and charged at my current pricing.

What should I do before my appointment?

I'll send you a comprehensive Bridal Guide with everything you need to know, including how to prepare your hair and make the most of your bridal preview.

Do I need hair extensions?

Not always! I can advise whether extensions would help achieve your chosen style and, if so, recommend the best option for you.

What happens if my plans change?

I understand that wedding plans can evolve. Wherever possible I'll do my best to accommodate changes, although amendments are subject to availability and may incur additional charges.

Do I need a second stylist?

For larger bridal parties or earlier ceremony times, a second stylist may be recommended to ensure your morning runs smoothly and everyone is ready on time. If required, I'll discuss this with you during the booking process and arrange everything on your behalf.
